Intro: | - - - F | C/G - G - | C - - - |

Verse 1

Help me to stand when I'm torn apart
When pain and sorrow crush my heart
When doubt sweeps in and my gaze is low
Then let your joy be all I know

Verse 2

Strengthen now my weakened faith
Though I am tested, Lord give me grace
When I am faint and I need to grow
Oh let your joy be all I know

Chorus 1

Great Father of lights You are always the same
I'm withered and dried out, Lord come to my aide
Help me to stand firm till You've finished your work
Let your joy be all I know

Verse 3

Turn my thoughts back to what you've done
Renew my mind Lord, restore my song
You'll never leave me to walk alone
Lord let your joy be all I know

Chorus 1

Great Father of lights You are always the same
I'm withered and dried out, Lord come to my aide
Help me to stand firm till You've finished your work
Let your joy be all I know
